

AccuStandard®

Organic Shipping and Receiving Clerk

Position available in our shipping department. It is onsite in a busy and stable growing chemical manufacturer in the New Haven, CT area. The position entails packaging orders and preparing them for shipment using FedEx, UPS, and DHL. Experience using these platforms, as well computer skills and attention to detail are required for this position. Also requires ability to receive incoming shipments. Although the job is not typically handling heavy items, must be able to lift 50lbs when the need arises.

Wonder what makes working at AccuStandard different? Mostly it is the fact the company cares about its employees. Over 65% of our employees have been here for 5 years, and there are many who are 10 years and up. At AccuStandard our employees hail from all parts of the world and diverse cultures. We are all working together taking care of our customers and that makes a great group of people, who all know each other, and work hard to keep the company growing every year. AccuStandard has excellent benefits and supportive work environment.

The ideal candidate will be able to perform in a busy environment and work independently as well as part of a team.

Requirements:

- Shipping experience with FedEx, UPS and/or DHL shipping systems
- Experience shipping Excepted quantities and/or hazardous goods
- Understanding of DOT and/or IATA regulations
- Computer literate
- Able to work as part of a team
- Attention to detail
